**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 8-16 are rejected as failing to define the invention in the manner required by 35 U.S.C. 112, second paragraph.

The claim(s) are narrative in form and replete with indefinite and functional or operational language. The structure which goes to make up the device must be clearly and positively specified. The structure must be organized and correlated in such a manner as to present a complete operative device. The claim(s) must be in one sentence form only. Note the format of the claims in the US patent(s) 6,901,071 B2 cited.

Claims 8-16 disclose claim language written in sub routines forms in program instructions.

Applicant is required to rewrite the claims in descriptive language under sentence form.

Further, applicant is required remove figure descriptives in claim 8 ( fig.14), claim 10 ( fig. 15), claim 12 ( fig.18), claim 13 ( fig.16B), claim 14 ( fig.17B), claim 15 ( fig.17A), claim 16 ( fig.17C).

Claims 1-7, 13 and 14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 and 3 recite the limitations "the multi-stage network" in line 3 and "the number of new routers" on line 6 respectively. There is insufficient antecedent basis for these limitations

Art Unit: 2668

in the claim. Is "the multi stage network" on line 3 referred to "a redundant multi-stage network" on line 1 ?.

In claim 4, it is not clearly stated what is inserted in steps c) and d) of claim 3?.

Claims 13 and 14 are indefinite because it does not end with a period ":".

Claims 2, 4-7, 9, 11-16 are rejected because they depend on claims 1, 3, 8 and 10 respectively.

Examiner will reconsider the claims upon receiving applicant response.
